Blocks: Fat Quarters and Scraps equaling 3 1/2 yards
Sashing: 3/4 yard (142 squares)
Border 1 yard

Welcome to Pixel Piecing!

The image below is called a Quilt Layout. If your quilt is pieced on EasyPiecing Grid, this is what you will use as your guide. Each panel of grid is nine squares across and 14 squares down, so the layout is divided into sections that size. You can use any of the three sizes of grid to piece on(1", 1.5", and 2" Finished).
This layout has twelve blocks-- you can easily make it smaller or bigger!
Refer to EasyPiecing Instruction page for overall piecing and sewing.
*Please note that panels 3, 6, and 8 are only eight squares across. The last row is seven squares down.
The black squares are the sashing between blocks and will be sewn at the same time as the blocks. Perfect corners!
|		
1	2	3
4	5	6
7	(7)	8

You now have so many block options for your Minecraft quilt!

Emerald

Creeper

Wolf

Blaze

Moss

Sheep
Enderman
Pig

Obsidian
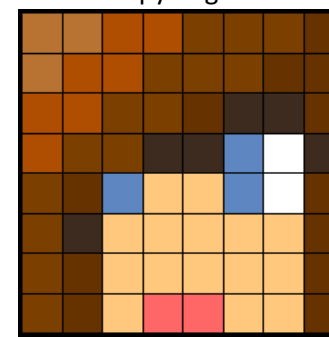

Dog
Zombie

Steve

Mooshroom

Stampylongnose

Dirt

Diamond

Lava

Alex

Water

Zombie Pig

Chicken

Skeleton

Slime

Pick Axe

Cow

Pinterest is a great source for pixilated projects! Search under bead patterns for endless fun ideas!
The patterns below have 16 rows instead of 8, so if you want them in the quilt, the blocks will need to be pieced individually instead of a quilt layout, and use 1" finished EasyPiecing Grid for the 16 patch blocks. Enjoy!

Stone Sword
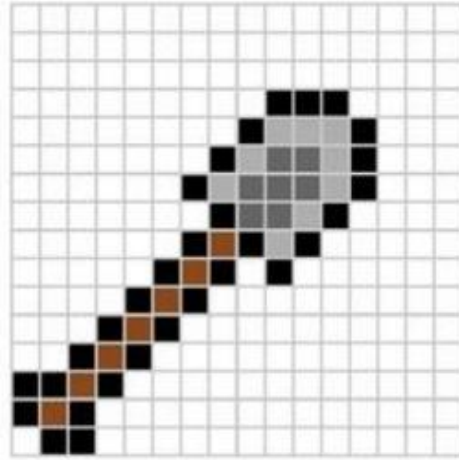

Swivel Shovel

Stone Axe
